

Tanglewood Shores Subdivision

Canyon Lake, Texas

2026 Newsletter

tanglewoodshorestx.org

We welcome a new year and have much to be grateful for:

- A sparkling pool which opens Saturday, May 16th (hopefully earlier). New pool furniture has been purchased!
- New water mains are being installed throughout the subdivision and the final stage is slated to begin June of 2026. (see the Texas Water Company letter on our website)
- We are experiencing continued growth, and welcome our new neighbors.

New News:

- The board of directors is in the process of automating our invoicing and payment system. Watch for the notice on our website, where you can enter new postings automatically.
- We are hoping to automate next year's statements. Please revisit the website in early 2027.
- And again, if you would like website updates you can subscribe by visiting our website and registering your email. Your registration will also allow you to get the notice about electronic statements, and opt in/or not.

Our annual meeting will be held Tuesday, October 6th to coincide with Texas National Night Out. We will host a pot luck. Please check in September for updates via the website. Bring your kids, meet new neighbors, come and be involved in Tanglewood Shores. Community Services will be invited to share – fire/emergency services and law enforcement.
